The Eddie Montgomery Steakhouse at Skylar's Landing
Harrodsburg, Kentucky

This project design was developed as a joint venture with Million Architecture, PLLC and Studiomarc International, Inc. The design team, selected by the country music superstar Eddie Montgomery and his wife Tracy, was challenged to create a signature look for this entertainment venue and restaurant around the vision of Skylar's Landing in south Harrodsburg. Located on the Hwy 127 bypass, Skylar's Landing was developed as a destination entertainment, hotel and shopping venue in the heart of Bluegrass Country, the place that Eddie calls home. When he is not on the road performing for his fans across America, Eddie Montgomery and his guest performers can be found here overseeing his business ventures and entertaining his friends and neighbors.

Design Team: Million Architecture, PLLC and Studiomarc Intl.

Owner: Eddie and Tracy Montgomery

Square Footage: 22,162 SF

Location: 180 Lucky Man Way, Harrodsburg, KY
