Schlumberger Oilfield Services

Honey Branch Industrial Park

Martin County, Kentucky

- Design/Build Team: Million Architecture and Branscum Construction
- Owner: Schlumberger Oilfield Services
- Square Footage: 25,696 SF
- Cost of Construction: \$2,500,000.00

Million Architecture was selected by Branscum Construction to provide design services for the development of a support campus for Schlumberger Oilfield Services in the newly developed Honey Branch Industrial park in Martin County, Kentucky. Occupying a 14.5 acres site, the facility contains over 25,000 square feet of enclosed space housing offices, maintenance and storage facilities. The site provides for paved parking for over 100 automobiles and 60 truck vehicles that are used in operations throughout the Eastern Kentucky region. With visualization support services provided by Owens Architects, the Branscum / Million Architecture Team was successful in the presentation of their vision for this development and was selected as the design/build team for the project. This fast track project was designed and constructed in just 184 days from award through completion of the project and it's occupancy by the Owner.
